Guidelines & Rules for Chalk Artists

- No speakers/noise makers of any kind will be allowed. You may use headphones if you wish.
- The MainStreet of Fremont Chalk Art Festival Committee/Staff reserves the right to disqualify artists at any point during the event if these rules are broken.

The following tips are suggestions that you may find helpful:

Tips:

- If reproducing an image that is not your own, be sure to credit the artist, do so by listing the artist and title at the base of your artwork.
- Make a color copy of the artwork or bring a photo; make several copies if there will be more than one artist creating the piece.
- You may consider sketching your artwork ahead of time on a piece of paper and drawing a grid over it that you can then create on the pavement. (*Ex. 1/2 inch squares on a copy = 6 inches on the pavement.*)
- You may want to mount copies on cardboard to make it easier to work with.

Suggested Supplies:

- Broom or brush for cleaning the drawing surface.
- A piece of heavy fabric, carpet square, or cardboard (2' x 2') to sit or stand on to avoid smearing the work.
- A soft towel, gardener's pad, or knee pads to kneel on.
- A chalkboard eraser, foam, terry cloth, or short-cut brushes for blending.
- Water and a cloth/sponge to erase as needed.
- Old towels or rags for personal clean up as needed.
- Masking tape for creating sharp borders. *The festival will provide a limited supply on a first come first serve basis. (Free to participating artists.)*
- Gloves to protect your hands or fingertips and assist in blending colors.
- Sunscreen/sunglasses/hat to protect against the sun.
- Refreshments - NO GLASS ALLOWED. *The festival will provide a limited supply on a first come first serve basis. (Free to participating artists.)*
- Camera to take photos of your creation!

Chalking:

- Go top to bottom when creating your image.
- Lay a foundation of color with your fingers in small areas. For larger areas use a chalkboard eraser.
- Fill in the details of the image with various shades of chalk. Blend colors to get the proper effect. Leave some colors unblended on the surface to bring out colors, highlights, and details.
- Do not blow or fan chalk into the air.
- For intense color, apply chalk more than once. The first time will fill in cracks and crevices, the second time let the chalk powder rest on top of the bumps.
- *Sign your work when finished!*

In Case of Rain:

We recommend covering your drawing with clear plastic. It will be the artist's responsibility to cover the drawing and weigh it down. If there is severe weather, the festival may be canceled. *Refunds will not be issued due to costs incurred by MainStreet to host the festival.* MainStreet may try to reschedule the festival if at all possible.
